## NEWS Cooking School At Town Hall February 1 and 2

Elaborate preparations are being made for the annual cooking school conducted each year by the Arlington NEWS in conjunction with Mystic Valley Gas Company. This has been the case in other years, the school will be held at the Robbins Memorial Town Hall, Tuesday and Wednesday, February 1 and 2.

Jeanne Ambuter, who has arranged instructive entertainment designed to increase the knowledge of the most up to date housewife who finds the kitchen the most important room in the house will again direct during the school's two day stay in Arlington. Housewives who look forward to the event as one of the outstanding attractions of the winter season will be interested to hear of the hundreds of gifts and prizes which will be presented by local merchants who each year join in making this an enjoyable and interesting program.

One of the features of the program will be the demonstrations of new up-to-the-minute cooking techniques by cooking experts who will also answer all questions pertaining to food preparations. In addition, these experts will offer Mrs. Housewife many valuable household hints.

Guests on the two evenings will have fun learning new food ideas, quick tricks of modern gas cooking, and bright ideas on how to make the most of one's food budget.

As an added attraction all the tempting dishes prepared during the two days the school is at the Town Hall will be given away as prizes, many in the cooking containers.

For further details concerning this outstanding event and the many prizes and surprises which will highlight its two-day stay be sure to read next week's NEWS.

## League Of Women Voters To Discuss Recreational Facilities Findings

Although there are now some 200 private organizations in Arlington which provide youth recreational programs, there may be some townspeople who feel the teenagers have special problems that are untouched. The League of Women Voters in Arlington has been making an intensive survey of all existing recreational facilities in the town, and the findings will be discussed at the unit meeting January 20. A committee under the chairmanship of Mrs. Walter Carlson, 93 Churchill ave., gathered and tabulated a large amount of factual data for consideration of the membership.

With the cooperation of Town Manager Edward C. Monahan, Supervisor of Parks and Recreation William Canty, and other town officials it was possible to obtain a complete picture of the various youth programs provided by the town, as well as actual budget figures to show costs. Representatives of all the other organizations in Arlington which offer any type of recreational program were also interviewed, and expressions of opinion as well as factual information was obtained. After study and evaluation, it is expected that the Arlington League of Women Voters may have some specific recommendations for future youth programs.

The public is invited to attend the unit meeting which is held as a part of the Adult Education program on Thursday, January 20 at 8 p.m. in the conference room of the Robbins Library: Mrs. Milton Anderson, league president, will be discussion leader.

Other unit meetings will be held as follows: Tuesday, January 18 at 9:45 a.m.—Mrs. G. E. Wilkins, 23 Draper avenue; Tuesday, January 18 at 8 p.m.—Mrs. Edwin Gilliland, 28 Cheswick road; Wednesday, January 19 at 9:45 a.m.—Mrs. James Daily, 96 Churchill avenue; Wednesday, January 19 at 8 p.m.—Mrs. J. W. Williston, 548 Appleton street; Thursday, January 20 at 9:45 a.m.—Mrs. Richard Carter, 147 Jason street; and Thursday, January 20 at 8 p.m.—Mrs. Peter Bertocci, 243 Park avenue.

### SOCIAL CLUB MEETING

The January meeting of the Friday Social Club will be held at the home of Mrs. Myron Chace, 74 Grand View road, Friday, January 14, at 2 p.m.

Co-hostesses will be Mrs. Herbert Cathart and Mrs. John Peak and Mrs. John Greim.

## Archbishop Cushing To Preside At Opening Of New Marian Convent

Most Rev. Richard J. Cushing, Archbishop of Boston, will preside at the ceremonies of the opening of the new Marian Convent of St. James parish Sunday afternoon, January 16 at 2 p.m. First he will preach and pontificate at Solemn Benediction in the church. He will then lead the parishioners in procession to the convent which he will solemnly bless.

The building is constructed of tapestry brick with approaches of quarry tile. Departing from the usual and blending harmoniously with the front wall a cross of darker hue is embossed, which designates the building as a religious house and marks the location of the Chapel. Interiorly it lacks that institutional character and austerity associated with a convent in the public mind but glows with a warmth that is truly homelike and religious. In its entirety its beauty lies in its distinctive simplicity and uniqueness.

Six years ago St. James parochial school was completed. His Excellency the Archbishop requested the Religious of Christian Education to staff it. They gladly accepted though they realized it would be perhaps many years before they would have a home adjacent to it. This entailed many inconveniences and sacrifices but especially the disruption of their orderly community life.

Rev. George S. Brennan was made pastor of St. James four years ago this Friday. He was confronted with many major problems; the most immediate of these was to provide a home for the teaching staff of the parish school. He immediately began to concentrate on this project. With the cooperation of his assistants, Rev. John P. Reynolds, Rev. Robert W. Shea, Rev. Charles A. McCarthy, and with the constant and unbounded generosity of the parishioners he was able to realize his accomplishment in not too long a time. After His Excellency, the Archbishop has blessed the convent on Sunday it will be opened for inspection to the public. Rev. Father Brennan, on behalf of the parishioners, will then present the keys of their new convent home to the members of the Religious of Christian Education.

## Representative Gott Takes Part In Opening General Court Session

Representative Hollis M. Gott, of Arlington, took part in the ceremonies which, on January 5, opened the 159th session of the General Court of Massachusetts. He was honored by an appointment to the first committee of the session, whose duty was to notify the Governor that the legislature was in session and ready to receive him.

While the Rules of the House permit the Governor to enter the House Chamber, he seldom if ever does so except upon invitation, and it is an unwritten law that he never enters to address the committee, invites him to do so. This custom dates back to the earliest struggles for power between the king and the people in England. The principle is still maintained in Massachusetts, that the legislature, which embodies the will of the people, is supreme in its own chamber and that the executive may not encroach upon it.

Representative Gott has served in the House since 1933. He is regarded as a leading authority on taxation in the House. As chairman of the Committee on Taxation in 1953-54 he was instrumental in the revision of taxation laws which brought tax relief both to wage earners and to elderly retired people.

## Three Injured In Auto Accidents

Three persons were injured this week as the result of automobile accidents on Arlington streets.

Two persons were injured Tuesday night as the result of a collision on Route 11 between a car operated by John Grim, Dobbs Ferry, N. Y., stationed at the Boston Navy Yard and a vehicle operated by Leon Schnepfer, 135 Rhinecliff street, Arlington.

Injured were John Williams, 23, a passenger in the Grim car who complained of injuries to both eyes, his right thigh and right shoulder and Schnepfer who received cuts on his chin and right thumb and a bruise on his forehead.

A Broadway street resident, William Richardson, complained of head injuries when the car in which he was riding was in collision with a tank truck on Mass. avenue, Wednesday noon.

The tank truck, owned by Arlex Oil Company, Lexington was operated by Richard Donnelly, 14 Moulton street, Arlington, while the vehicle in which Richardson was riding was operated by Mrs. Mirakian, 70-A Grove street, Arlington, a student driver under the direction of Hyman Garber, 100 Rawson road, Arlington.

All Town Departments are devoting as much time as possible working on Town Reports.

## William Toomey Leaves Town Employ After 37 Years

William Toomey, Superintendent of Arlington's Public Works Department and an employee of the department since 1917, has received a disability retirement effective this week.

Mr. Toomey has been out of work since late August, and Frank O'Hara, assistant superintendent has taken his place during his illness.

Learning of the retirement, Town Manager Edward C. Monahan wrote the following letter to the retiring superintendent.

Mr. William J. Toomey  
85 Beacon Street  
Arlington, Massachusetts  
Dear Bill:

It is with extreme regret, and with a deep sense of personal loss, that I learn of your disability retirement. Believe me, you will be sorely missed by your former associates throughout the entire town service, and by the people of Arlington whom you served so capably and so conscientiously throughout your many years of faithful and devoted service to the Town of Arlington.

Your absence will be noted and felt by the citizens of Arlington who have always held you in the highest possible respect and esteem. The high standards you maintained in the performance of all tasks, the integrity you brought to bear in any and all situations are achievements that may well be emulated by all employees of the town.

I know that all will join me in wishing for you many years of health and happiness in your well-earned retirement. In closing, may I thank you sincerely for your cooperation and good will since I have been Town Manager, and repeat that your retirement is a source of great regret to me, personally and officially.

Sincerely yours,  
Edward C. Monahan  
Town Manager

## TO THE EDITOR

To the Editor:  
Boston, building several hundred millions worth of Central Artery, is now looking forward to \$146,000,000, more "to revolutionize the city's streets. It's great. To view the Artery cleaving through the center of the city with a great cleared space is to experience a thrill at being even a small part of it all.

But just the same, why, oh why, do we neglect the bargain in transportation that lies at our hands?

While we talk of spending hundreds of millions for highways, the Metropolitan Transit Authority is telling the Legislature that it can't see spending \$27 million to extend rapid transit to North Cambridge.

A highway accommodates cars, each of which carry one and a fraction persons. A rapid transit line accommodates 30 and 40 and 50 times that. The bargain in rapid transit in comparison with roads is spectacular.

But that isn't even the best bargain.

We have already built some of the finest rapid transit lines that could possibly be devised, connecting the more heavily settled suburban areas with the city's center, but lines that we are using at a small fraction of their potential. In fact we are slowly abandoning them. These are the commuting rail lines into Boston.

A two-lane express way can move 5,000 person per hour. A single track railway operated for express commuter service can move up to 60,000 an hour. The expressways cost hundreds of millions; the railways are already built. Talk about bargains!

But what are the railroads doing about it? Giving the poorest service they can get away with, and dropping even that service as fast as possible. And what is the community doing? Nothing.

It is, easy to say, as the railroads say, that people have chosen automobiles and it is useless to buck the trend. The people have chosen the automobiles partly because automobiles have been infinitely better advertised, and partly because the railroads have so abjectly surrendered that they will not fight for commuter traffic.

Let the autos take 'em, they say. The New York Central's new hood wraps it up in a nutshell. "We can give every commuter on our lines a Chevy and save money at the end of the year."

We don't say the railroads can do it all. They can't. It has got to be a co-operative endeavor shared by the railroads and the communities. But just who starts it?

In New York there is a Metropolitan Rapid Transit Commission, which is asking for between \$750,000 and \$1,000,000 to study the problem there. It's become especially acute down there because of the Central's proposal to abandon rail and ferry service.

But New York is doing something about it. Will we wake up too late?

Henry E. Keenan

## Registration To Close Monday

Registration will close next Monday for courses in Radio-Television Servicing, Machine Shop, Blueprint Reading and Drafting, and Automotive Mechanics offered by the Arlington Evening Vocational and Trade School. Arlington citizens are very fortunate to have in their own community such a splendid study of a practical trade or absorbing hobby.

The courses in radio and television servicing cover all the important essentials of theory and practice with a thorough training in all kinds of testing equipment.

The course in Machine Shop practice gives a very practical training for those interested in this ever-timely occupation, as well as a complete refresher schooling for those already working in the craft.

In these days of intricate machine work, building construction of all kinds, architectural design, tool work, and the like, local citizens have a real opportunity in the courses offered in blueprint reading, drafting, or mechanical drawing.

Men who want to learn about automobiles, particularly how to repair and keep their own cars in smooth, mechanical running order, have found a friendly group of fellow auto enthusiasts to work with in the automotive classes. Here they will find opportunity to learn fascinating, practical features of automotive mechanics.

With fine practical and up-to-date courses, expert and popular instructors, first-class equipment, and good fellowship among students it is not surprising that Arlington evening vocational school is becoming one of the finest in the State.

These evening classes are being held as usual in the senior high school building. Registration for those classes will not be accepted after next Monday.

Dale Barker; recording secretary, Mrs. James W. Wilson; assistant secretary, Mrs. Ralph B. Lancaster; corresponding secretary, Mrs. J. Harold Cree; assistant treasurer, Mrs. Roy R. ### Local Motor Service Only Link For Many

Every day of the week a sick Arlington woman gazes hopefully out her window, hat and coat in hand.

She is looking for the faithful Red Cross Motor Service driver who is her only link between home and proper X-ray treatment at a nearby hospital.

This woman is one of hundreds of Arlington men, women and children who, during the year, are too sick to take public transportation and have no private transportation, so they are entrusted to the Red Cross Motor Service by the Social Service departments of the various hospitals.

There's the woman who needs weekly treatment at the Massachusetts Eye and Ear Infirmary and the man who must report to the Massachusetts General Hospital for physiotherapy treatments each week. The Motor Service, under chairmanship of Mrs. Edward L. Glidden, has a busy schedule.

"And we never have enough drivers," says Mrs. Glidden. "When there aren't patients, there are trips to the Dartmouth street Blood Center in Boston to bring blood to Symmes Hospital. Or there's production work to be picked up."

The major requirement, she points out, is experience and a Massachusetts driver's license.

Although there's no pay for this volunteer work, there is a satisfaction that money can't buy — like the warm glow the Motor Corps driver felt when she made possible a sick little girl's Christmas visit at home by being on hand to pick the child up at the hospital.

Prospective drivers may contact Mrs. Glidden at AR 5-4077.

## Melrose Knocks Arlington From First Place With 6-0 Victory

Melrose high school scored more goals in a two minute period than three teams had scored in three games as it knocked Arlington out of first place in the GBI hockey league with a stunning 6-0 victory last Saturday afternoon at the Arena.

The victory moved the winners to within a half game of Arlington and Medford, now tied for second place.

Belmont picked up four second period goals and went on to romp 6-0 over Rindge to take over first place with a 4-0 mark. Belmont now has scored more goals, 21, and allowed less, 4, than any other team in the league. Previous to last Saturday's contests, goalie Bower of Arlington had allowed but one goal in three games.

Melrose jumped out front at 4:38 of the first period when Don MacInnis scored the first of four points when he wound up and went the length of the ice to score on a long foot-high shot.

Less than two minutes later, Lou Scarpa attempted to pass out, hit Bower's skate and the puck deflected into the Arlington cage to make the score read 2-0.

MacInnis put Melrose ahead 3-0 in the second period when he scored, assisted by brother Dave and Smith, just 13 seconds after the face-off. King put Melrose out front 4-0 at 2:55 on a pass from Jangro, and Parks scored the fifth Melrose marker at 9:19 of the second stanza assisted by Ed Smith and Don MacInnis.

Ed Smith registered the final goal for the winners and his third point of the day, assisted by Don MacInnis at the 28 second mark of the third period.

## CRUSADE IN CALORIES

Every American is aware of the work of CARE, which in nine years has delivered more packages of food from one group of people to other groups than any organization in history. Many have contributed directly to CARE, adding to its reputation as "the conscience of America."

Now CARE wants to attack the huge farm surplus bulging out of warehouses throughout the nation, and doing nothing to serve this country or our many friendly allies over the oceans.

There is in the present stock of American surplus food, enough nourishment to feed every man, woman and child in the nation for a full year. If every person in Boston were to live off the surplus solely, it would require 125 years before it were consumed. It would require 31 years for the entire population of Chicago to consume this stored food.

Annual cost of storing the farm surplus is \$256,000,000, about four times the cost of operating our Congress, and about the same as operating the entire Public Health Service.

To move our surplus food to port cities it would be necessary to load and roll 100 transcontinental freight trains every day for a year. To move it overseas from American ports, it would be necessary to load and dispatch 10 ocean-going freighters every day for a year.

While these huge figures display the immensity of the stock pile, the reason behind the compilation is that CARE would like to distribute this food, on the usual non-profit basis, to needy people in certain sections of the world.

That the country immediately attempt to make some use of this surplus, in order to cut down storage charges and prevent spoilage is highly commendable.

Support of the CARE plan on the part of our federal government would seem timely and desirable.

## STOP NATION'S NO. 1 CRIPPLER

Every day some man, woman, or child is stricken by the Nation's No. 1 Crippler — Arthritis. Someone in your family, your father, mother, or another relative or close friend may dread the cold, damp days when nothing seems to dull the ache in affected joints.

Each year 23,000 Massachusetts citizens are stricken with arthritis and rheumatism, yet the actual crippling of most of them could be stopped if they could get care — in time. Time is the big important factor. Early diagnosis and proper care can save many persons from permanent disability for the rest of their lives. In the case of a child, it can mean his life. Not many of us know that children are in constant pain from slowly stiffening joints in arms and legs. These children never attain their full growth; their life expectancy is shortened. Relief from pain and deformity is now a reality with modern scientific knowledge, and you can help in this task.

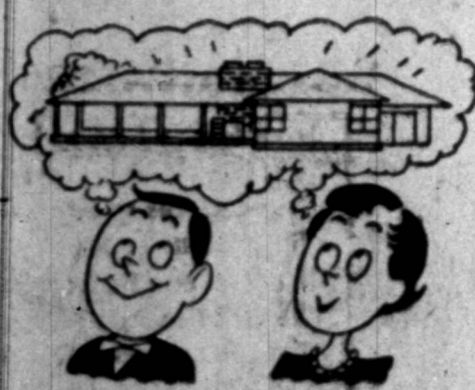

It is with all seriousness that the people of this State must observe the great need for contributions to aid in clinic work, home-care for shut-ins, rehabilitation, and research through the medical program of the Arthritis and Rheumatism Foundation, with headquarters at 89 Franklin Street, Boston. The slogan is "Stop Arthritis!" This can be accomplished by proper care and early diagnosis and treatment. The further extension and success of the Foundation's program depends entirely upon your generosity.

## BABSON DISCUSSES FINDING FORTUNES

(Exclusive NEWS Feature)

I have just been asked by a Wall Street banker to help him get some so-called "worthless" securities away from the readers of this column for a few cents a certificate (not per share).

### "WORTHLESS" STOCKS MAY NOW BE VALUABLE

I hear that for every fifty certificates which this broker buys, he finds that forty-nine are now worthless; but one is worth perhaps \$1,000. This would be a certificate which some company needs in order to dis-olve or consolidate without any outstanding obligations or complications.

Of course, it would be unfair to my readers for me to advise them what to do. But, I do urge you to throw nothing away which looks like a stock certificate even if your father or brother says it is "valueless and just cluttering up his desk or safe-deposit box." Please do not send me any certificates to look at, but show them to your regular banker, if you wish.

### URANIUM IS RECOVERING VALUES

Most of these "worthless" certificates in your attic or desk drawers are of old mining companies. They may never have been any good, or are of mines which have completely "petered out." The company did not have the money to dissolve legally, but some rancher has paid the taxes for the privilege of using the land for pasture. Hence, the company was forgotten after the stockholders were told it was no good.

The land is still useless for getting gold or silver, copper or lead; but uranium may have been found! As a result, the land could increase in value in one week from \$5.00 per acre to \$50,000 per acre! Some old-timer who remembers the old company has found a list of the old stockholders and has written them a letter offering \$10.00 a share. As the envelopes containing these certificates was marked "valueless," the family sold them for \$10.00 per share while today they are really worth \$1,000 a share.

### STOCKHOLDERS TOO OFTEN MOVE AWAY

When you move from one house to another and especially from one city to another, be sure to write the company in which you hold any stock of your new address. Don't ever look at a "valueless" certificate and say it is not worth a 3-cent postage stamp and the time required for writing such a letter. After too many changes of address, your envelope comes back marked "unknown" and the company marks you "dead."

One of the companies in which my family has very large holdings (United Stores Common, selling on the American Stock Exchange for \$3 to \$4) has nearly 100 such stockholders who cannot be located. Perhaps you are one of these stockholders. There probably are hundreds of other companies just like United Stores. This stock could easily double or treble in value.

### NEVER SELL DEFAULTED BONDS

When a stock stops paying dividends the price of the stock may gradually decline, but no one gets panicky. The stockholders hope for a resumption of dividends. When, however, a bond defaults — especially a foreign bond — most bondholders think this is the end. The price of the bond then suddenly drops from around par to fifty cents on the dollar. Discouraged bondholders have rushed to sell their bonds and the price has dropped to twenty or even less. But, in the course of years, many of these bonds returned in value to \$1,000.

Some of the hotels in the famous Sheraton Chain were built in the 1920s. The bonds were sold for \$1,000 each. Then they defaulted and kicked about at perhaps \$200 for years. Finally, one of Boston's courageous financiers, Ernest Henderson, had faith in the hotel business and bought up these bonds. They have since been paid off at what you should do.

Before selling any "worthless stock" or defaulted bond, you can send \$2.00 to the Information Center at New Boston, New Hampshire. This gives no investment advice but has lists of 40,000 such stocks and will pass along to you what report it has on file. This is a non-profit educational association to help deserving people on business problems. \$2.00 will cover a full year's inquiry. In other words, you can write again about the same stock or bond anytime within 12 months without further cost to you.

### Locke P. T. A.

"Plans for the Florence Avenue" will be the topic of Mr. Mortimer A. French's speech at the Locke P.T.A. meeting, Thursday, January 13, at 8:15 p.m. in the school auditorium. Mr. French will discuss the progress of the plans for the school and he will also have some of the architects plans on display. Mrs. A. T. Zwick, vice chairman and the hospitality committee will serve refreshments.

### SUNSHINE CLUB MEETS

The business meeting of the Sunshine Club was held January 5 at the home of Mrs. P. H. Duncan, 7 Park Circle. The club has purchased two pair of sides for their hospital beds. The club will hold a social meeting at the home of Mrs. Everett Henderson, 37 Grandview road, January 19.

The night was dark and dreary  
The air was full of sleat  
A man was walking in the dark  
He slipped upon the street  
Landing in the gutter  
He slid to a manhole  
And then before he slid from sight  
To me this tale he "told"

## Mrs. Meserve, Mr. Gaudet To Receive Merit Award From Menotomy Chapter

In accordance with the national year as an inspiration to our whole Arlington community.

Mrs. Fairfax Proctor, State Recording Secretary, will speak on "Women, So What" at the meeting.

In connection with the theme of the meeting on good citizenship, the D. A. R. will present Miss Meserve and Mr. Joseph Gaudet at the meeting to be held in Robbins Library Hall, January 18, at 2 p.m.

Mrs. Meserve has served as principal of the Junior High Industrial Arts high school for twenty five years, having organized and promoted this specialized work as a result of her previous unique training and experience. Her accomplishments in this field have won national recognition and acclaim, with many industrial schools patterning their plan on her pioneer work. The teachers and pupils are organized in a Junior Citizens Club with everyday training for good American citizenship. The pageant of "Citizenship," written and produced by Mrs. Meserve for many years is portrayed with pride by all the pupils and impresses deeply on their young minds the privileges of American citizenship. Her dedication to this work with a special group is an example for our whole school system.

Mr. Joseph H. Gaudet was a teacher and former assistant principal in Arlington high school for many years as well as contributing many other things to our community but this award is given for his work in the Americanization classes of English and citizenship preparation for the foreign born and displaced persons in our community. Using the D. A. R. "Manual for Citizenship" published by the National Society in eighteen languages, Mr. Gaudet has achieved results far beyond the call of duty. His personal interest, encouragement, and methods of teaching were an important factor in the final achievement of these new American citizens.

Mr. Gaudet recently accepted the position of Supt. of Schools at Hopkinton, R. I. His wife will accept the presentation.

The patient, dedicated work of people like these goes on year by year.

Miss Foley was graduated from Arlington high school and Simmons College School of Nursing. She is now a teaching intern in the School of Nursing at the Massachusetts General Hospital.

Mr. DeSanctis was graduated from the University of Arizona in 1951, where he was a member of Phi Gamma Delta and Phi Beta Kappa. He is now in his fourth year at Harvard Medical School, where he is a member of Nu Sigma Nu, Aesculapian Club, and Alpha Omega Alpha.

A May 7 wedding is planned.

**Heights Group Holds Meeting**

The Board of Directors of the Arlington Heights Improvement Association held its monthly meeting at 200 Cedar avenue, December 27. President Kenneth Fisher presided.

After the regular order of business Samuel Lanza, member of the Florence Avenue School Building Committee, gave a report of progress on the proposed school.

It was proposed by Attorney Lawrence Corcoran that the eleven acres of MDC owned land in Cambridge, in the vicinity of the Bowdoin, Concord Turnpike, not be released for private interest. This land has been set aside for the inevitable expansion of the MTA. The Heights Association unanimously went on record against release of this land and it was voted to so inform the local legislature and selectmen.

A Candidates' night, to be held in the Brackett School Hall, sometime in February, is planned by the Association. Richard Brown, William Collins and Samuel Lanza were appointed by President Fisher to be in charge of arrangements.

**Engaged**

Mr. and Mrs. John Wallace of Arlington announce the engagement of their daughter, Mary Ethel, to Corporal Louis S. Martone, son of Mr. Silvio Martone and the late Mrs. Frances Martone also of Arlington.

Miss Wallace was graduated from Arlington high school and attended Boston University. Mr. Martone was graduated from Arlington high school and is now serving with the United States Army at Murphy General Hospital in Waltham, Mass.

A summer wedding is planned.

**Santa Visits Arlington Youngsters Unable To Attend Christmas Parties**

George Lemos is small in size but his heart is as big as a mountain. In addition to his big heart George is blessed with plenty of grey matter between his ears, a vivid imagination and limitless energy. For ten years or more he has given most of his spare time to the Cub Scouts. His particular pets are the boys of Pack 13, Cub Scouts, sponsored by St. James Church, Arlington Heights.

He had a big hand in organizing Pack 13 over ten years ago, was its first Cubmaster and, despite the fact that he has several times submitted his resignation, the parents of the cubs and the committeemen of Pack 13 just will not hear of him renouncing the reins. His interest in Pack 13 has carried over into Arlington District and Sachem Council, Boy Scouts, and has been the cause of many innovations which have created public interest in Scouting. The Arlington Cub Scouts Baseball League, which, as far as is known, is the original Little League, is one of the children of his imagination which became a thing of reality. The skits, playlets and concerts put on by the Arlington District Cub Scouts in the annual exhibitions which are part of Scout Week in February each year and the financial success of the exhibitions are due in great part to his energy and the response of the boys to his love of the interest in them. On the religious side which, of course, is a prime factor in the whole Scouting program, he took the lead in planning and putting through the annual communion breakfast of Pack 13 and visits to several shrines, practices which have been pretty generally copied in both Boy and Girl Scout organizations sponsored by Catholic Churches in the Archdiocese of Boston and has spurred other church sponsored Scout organizations to greater efforts in bringing more religion into Scouting.

His great love of children has caused him to interest persons other than the parents of his Cubs in programs for children of all ages and of both sexes in the Arlington Heights section. Through his efforts a club of men was formed five years ago for the purpose of raising funds to be disbursed to youth organizations for athletic equipment, musical instruments and other items found to be necessary. This group of men has worked secretly but very effectively and many youngsters are grateful for the help they have furnished.

In the monthly pack meetings of Pack 13, the usual Cub program and the monthly themes are carried out as planned by the National and Council officers of the Boy Scouts of America but, in addition, George Lemos provides parties at different seasons of the year to which the Cubs look forward. The summer picnic in June, the Halloween and Christmas parties and the communion breakfast in February have become a tradition. To the parties and picnic are invited the little brothers and sisters of the Cubs. The children profit all their own entertainment and it is surprising that there is so much talent. As a matter of fact several children who have appeared on radio and television shows got their start at the Cub parties.

All of the above is preparatory to the story of George's latest effort. When he saw that everything was in readiness for the Christmas party last month and Santa Claus had wired him he would be on hand, his heart was saddened by the news that several of his Cubs and a number of brothers and sisters were sick and would not be at the party. He immediately arranged with Santa Claus (Stanley Ryan of Hibbert street) to spend the week-end visiting the sick

youngsters in the neighborhood. As soon as possible the names and addresses of all the shut-ins were obtained. With George as a guide, Santa visited each one bringing gifts and great joy to all. In the end, fifteen or twenty children who seemed doomed to spend a drab Christmas was thrilled with happiness.

Now, George does not devote all his attention to children. Many are the neighbors and friends who have had the benefit of his thoughtfulness and timely help. He is always the first to think of a charitable act to be done when a friend meets with misfortune. Yes, the saying "George has done it again" is a common expression in the Heights section of Arlington.

**ANNUAL MEETING**  
The Annual Meeting of the Arlington Visiting Nursing Association will be held in the Junior Library Hall on Friday, January 14 at 2 p.m.

Following the business meeting there will be a short round movie and a talk by Dr. Hans Waine on "Arthritis."

A social hour will follow the program.

**Republican Club Planning Bridge**

Members of the Board of the Arlington Women's Republican Club met Monday afternoon at the home of the president, Mrs. Charles R. Thomas, Jr. During the coffee hour preceding the meeting last minute details were discussed for the Dessert Bridge to be sponsored by the Club on Wednesday, January 19, at one p.m. in the Vestry of the Unitarian Church.

Mrs. John Loud, chairman of this annual event, invited the Board Members to serve as hostesses and spoke of the home-made desserts they would serve.

During the brief business meeting, Mrs. Olof G. Peterson, chairman of tickets, reported an increased demand for tickets for this year's Bridge. She urged those who have not yet made their reservations to contact her immediately at her home, 30 Mount Vernon street. (AR 5-1705-J).

**Engagement**

Mr. and Mrs. William Schlaich of Arlington Heights announce the engagement of their daughter, Marie C. Schlaich, to Mr. David J. Bagley, of Newtonville.

**Hospital Guild To Hold Gift Shop Day**

The meeting of the Holy Ghost Hospital Guild will be held Saturday afternoon, January 15 and will be opened with Adoration of the Blessed Sacrament in the Chapel at 2:30 p.m. Mrs. Joseph T. Jefferson of Arlington will be Hostess. Miss Marie Stuart, of Boston, chairman of entertainment has planned the program, after which tea will be served.

As the January meeting features the Annual Gift Shop Donation Day, the Gift Shop committee would appreciate the usual generous donation of articles to replenish the stock at the Shop.

## Bait Casting Tournament At Rod and Reel Club

The Spy Pond Rod and Reel Association will sponsor a bait casting tournament for members of the Arlington Boys' Club. Sessions will be held each Saturday afternoon from 1-2 p.m. in the Boys' Club gym.

Suitable prizes for the boys that have the three highest scores at the end of the tournament will be awarded at a time and place not yet decided upon. The Roach Hardware Company of Cambridge has again contributed the first prize—a Shakespeare Criterion DeLuxe

Casting Reel. The other prizes, which will be contributed by the Spy Pond Rod and Reel Association, have not yet been decided upon.

Last year's winner, Eddie O'Brien is among those who hope to capture one of the prizes. Last year Eddie was one of the five boys entered in the Junior Casting contest at the Sportsmen's Show in Boston, and he finished fourth. He claims he will do much better this year and it is also expected that he will receive stiff competition from the other boys taking part in the casting.

The mother of the bridegroom wore a ballerina-length aquamarine all silk gown with matching accessories and a corsage of white orchid.

A reception was held at Wayside Inn, Sudbury, at the conclusion of the ceremony.

Mrs. Thomas McSorley, aunt of the bride was soloist. Miss Elizabeth King of Beacon street, Boston, was in charge of the guest book.

The bride was graduated from the University of Vermont in 1954 and was associated with Boston University School of Nursing.

After a wedding trip to New York State and Ohio, the newlyweds plan to live at Fort Knox, Kentucky.

### "Heavenly Music" At Universalist Church

The Universalist Church shared last Sunday in Ministers' Exchange Sunday, sponsored by the Arlington Ministers' Association, the Church having as its guest minister the Rev. Albert Freeman, minister of the Height's Baptist Church. The Pastor of the Universalist Church, the Rev. George J. W. Pennington, was the guest minister at the Pleasant Street Congregational Church, where he delivered a sermon on "Ministers I Have Known," the services that have been accomplished by men and women who, through the week between Sundays, have lived the message of their Church.

This Sunday the sermon to be delivered at the Universalist Church by the Pastor is entitled, "Heavenly Music," its subject, the spiritual content found in the variety of types of music on the American scene. The Junior Choir will sing.
